GREEN POLICY

Policy Document

Green Campus

Our Green Campus is a place where environmental friendly practices are inculcated in the academics. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

Aims and objectives:

- The college is striving to develop its institution on a self – sustainable basis in the areas of power, water and cleanliness.
- The faculty, staff and students have to contribute collectively to develop an eco – friendly sustainable campus and disseminate the concept of eco – friendly culture to the nearby community and wherever possible.
- Awareness creations about environmental issues among students and employees including climate change.
- Measure and reduce environmental emissions/ footprints.

Periodical Audits in the Institute

We conduct the following audits regularly:

- Green Audit
- Energy Audit
- Environmental Audit
- Gender Audit

Waste Management

- To increase the green cover in and around the campus.
- To adopt methods for waste segregation.
- Take appropriate actions to reduce or recycle waste inside the campus.
- To manage, collect and dispose e-waste appropriately.
- To reduce hazardous waste and its management.
- Actions taken to reduce consumption of plastic in the campus.
- To encourage paperless work culture and recycling/reuse of paper.
- Display waste management instructions/alerts at prominent/relevant locations in the campus.

Water Management

- Adopting following measures in campus to reduce water consumption
- Rain water harvesting
- Change of taps which are either more water efficient or sensor based taps
- Use of recycled water for watering plants, trees etc.
- Display water management instructions/alerts at prominent/relevant locations in the campus.

We intend to pursue a programme of continuous improvement in our procedures, practices and review the policy on a regular basis to evaluate continued relevance and to monitor compliance.

Campus Maintenance

The campus maintenance includes building operational maintenance, custodial servicing, refuse removal and recycling, utilities services. These services are accomplished on a set Schedule to ensure the campus is clean, stocked and usable to accomplish the Maintenance Management.

Disclaimer

This policy document is subject to right to modify, discontinue or amend new rules pertaining to Green Campus.
